

FLAG-ERA ID card

Type: FP7 ERA-Net

Duration: 3 years, 1/10/2013 – 30/09/2016

Funding from EC: 2 M €

Coordinator: ANR (Agence Nationale de la Recherche), France

Participants (as of September 2014): 26 countries through 37 funding agencies (22 full members + 15 associate members)

- full member
- associate member

FLAG-ERA is a Consortium of European research and innovation funding agencies, research councils and ministries (NRFOs*) all working together to create an environment that enables the coordination of national and regional funding for the FET Flagships.

FLAG-ERA contributes to the construction of the two Flagship initiatives Graphene and Human Brain Project. It also offers support to four FET Flagship pilots (FuturICT, Guardian Angels, ITfoM and RoboCom).

* NRFOs : National and Regional funding Organisations

Goals and activities:

In close connection with the two Flagships,

- **Set up mechanisms to facilitate and encourage integration of nationally/regionally funded research into the Flagship work plans**
- Maintain an inventory of funding and scientific landscapes in the domains of the Flagships
- Analyse overlaps & gaps to adapt national/regional research agendas in the domains of the Flagships
- **Launch dedicated transnational initiatives**, for instance joint calls, allowing researchers from several countries to join forces
- Network with potential new participants
- Disseminate project information to relevant stakeholders

Research in synergy with the HBP and the Graphene Flagships

- National calls run by the NRFOs for funding national partnering projects (any call covering Graphene/HBP topics)
- FLAG-ERA joint transnational call for funding transnational partnering projects
 First call will be launched **by 27 October 2014**.

More information available on : www.flagera.eu

On **27 October 2014**, **FLAG-ERA** is organising a networking event at the Trends in Nanotechnology International Conference (TNT2014) in Barcelona. The event is open to potential applicants (scientists, researchers) to the First **FLAG-ERA Joint Transnational Call (JTC)**, in the field of the scientific roadmap of the Graphene Flagship. Submit your flash presentation (4 min, 2 slides max.) and poster exposing your ideas for participating in the JTC via the link: http://www.tntconf.org/2014/abstractSub_FLAG_ERA.php?conf=14
