

FLAG-ERA JTC 2017 Kick-off Seminar

Madrid, 21-22 March 2018

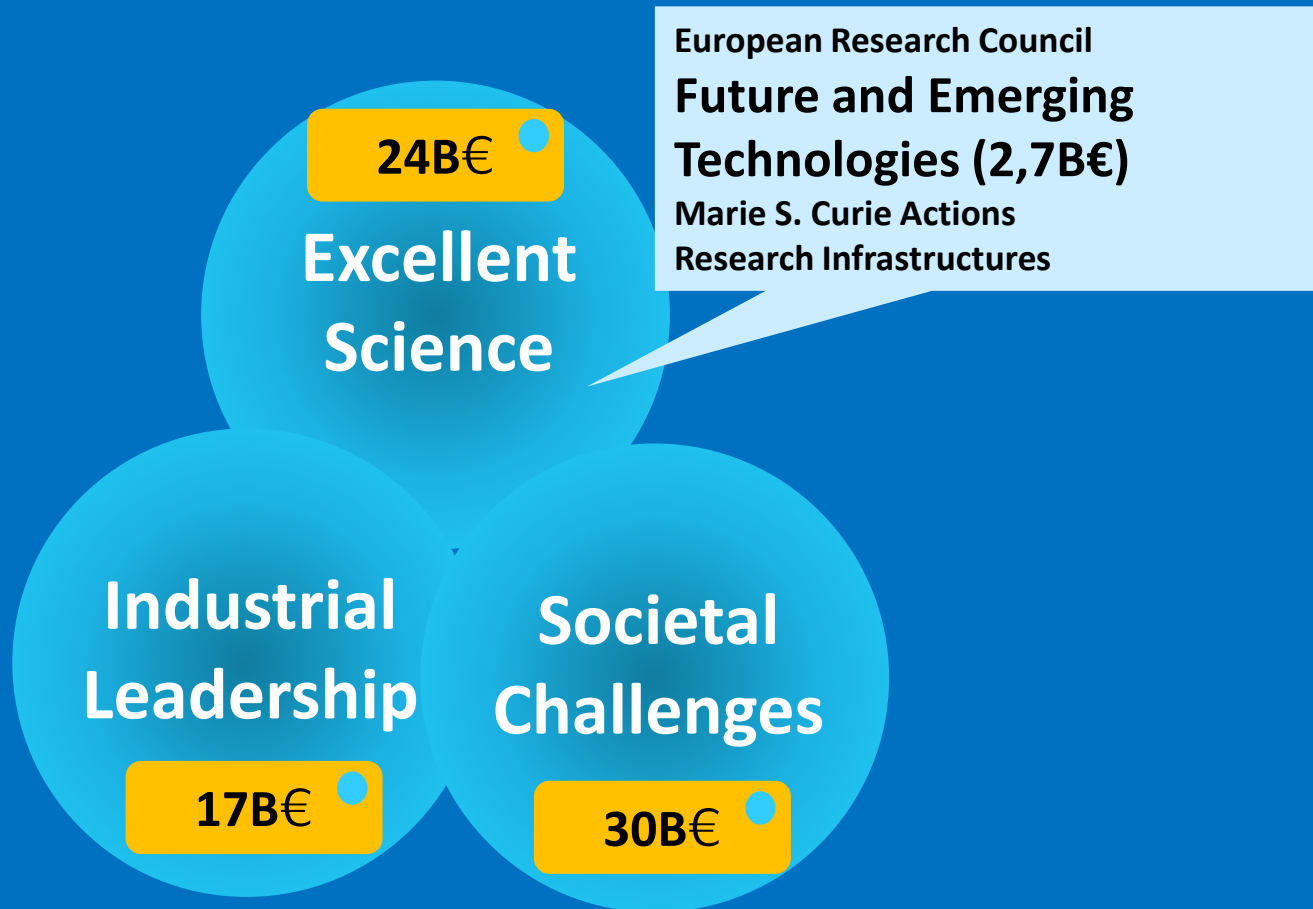

FET Flagships

Emilie Klecha

Flagships unit

DG Connect, European Commission

Horizon 2020

FET Mission

*To turn Europe's
excellent
science base
into a
competitive
advantage...*

*...by uncovering
radically new
technological
possibilities*

FET Intervention logic

FET Open

Testing early ideas

A few groups

No traced exploitation path

FET Proactive

Making the case for a new paradigm

Interdisciplinary community

Emerging R&I ecosystems

FET Flagships

Advance the technology to address a challenging unifying goal

Committed large scale partnership

Gradual shift towards a European Innovation engine

FET Flagships

- Science-driven, large-scale research initiatives built around an ambitious unifying vision
- Grand S&T challenges requiring interdisciplinary cooperation and involving academia and industry
- Convert scientific advances into technology developments: from lab to the market place

~ 1 Billion Euro

~ 10 year duration

Flagships are implemented in close cooperation between the European Commission and the Member States

Current Flagships

GRAPHENE FLAGSHIP

Aim: Move graphene and related layered materials from the lab to the market

Consortium: 150+ partners from 23 countries, and around 100 associated members

Duration and budget: October 2013 for 10 years – EU budget: ~380 M€ (FP7 + H2020)

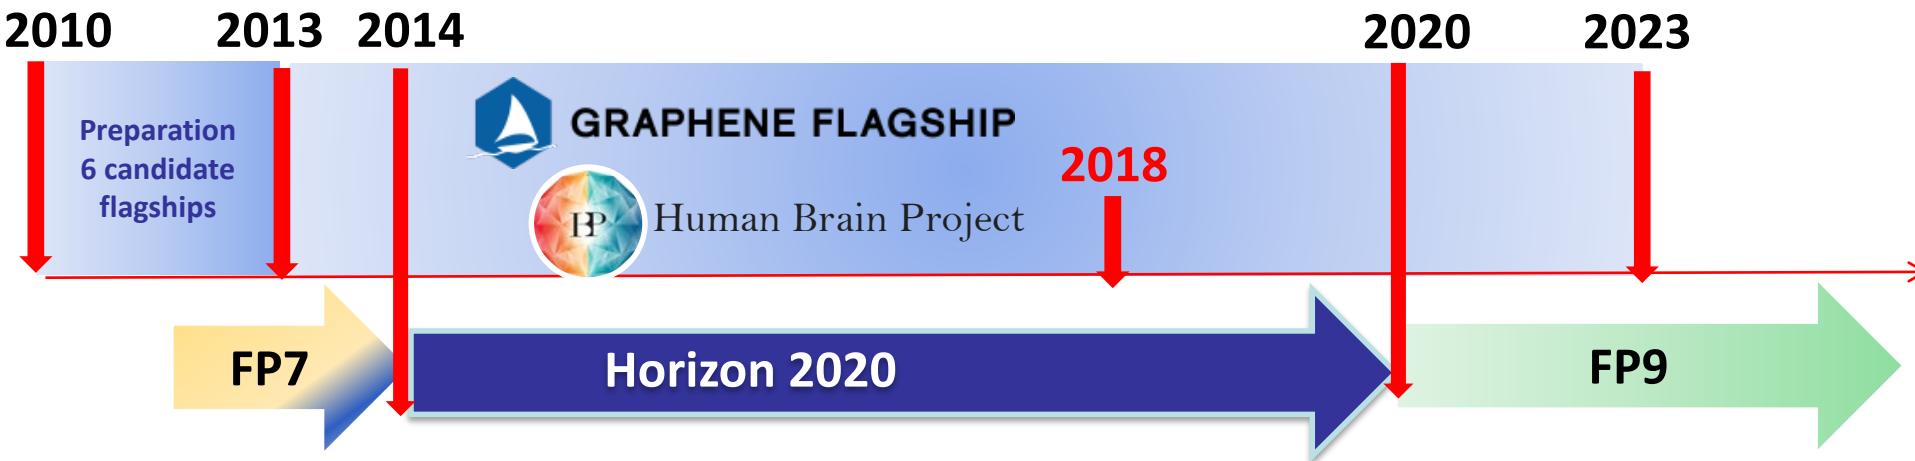

Human Brain Project

Aim Understand the functioning of the human brain and its diseases & Exploiting this knowledge for future medicine, computing & robotics

Consortium: more than 400 scientists from 112 partners in 24 countries

Duration and budget: October 2013 for 10 years – EU budget: ~400 M€ (FP7 + Horizon 2020)

Added value

**Unprecedented
S&T Collaboration**

Innovation

**International
Collaboration**

**Talents in
Europe**

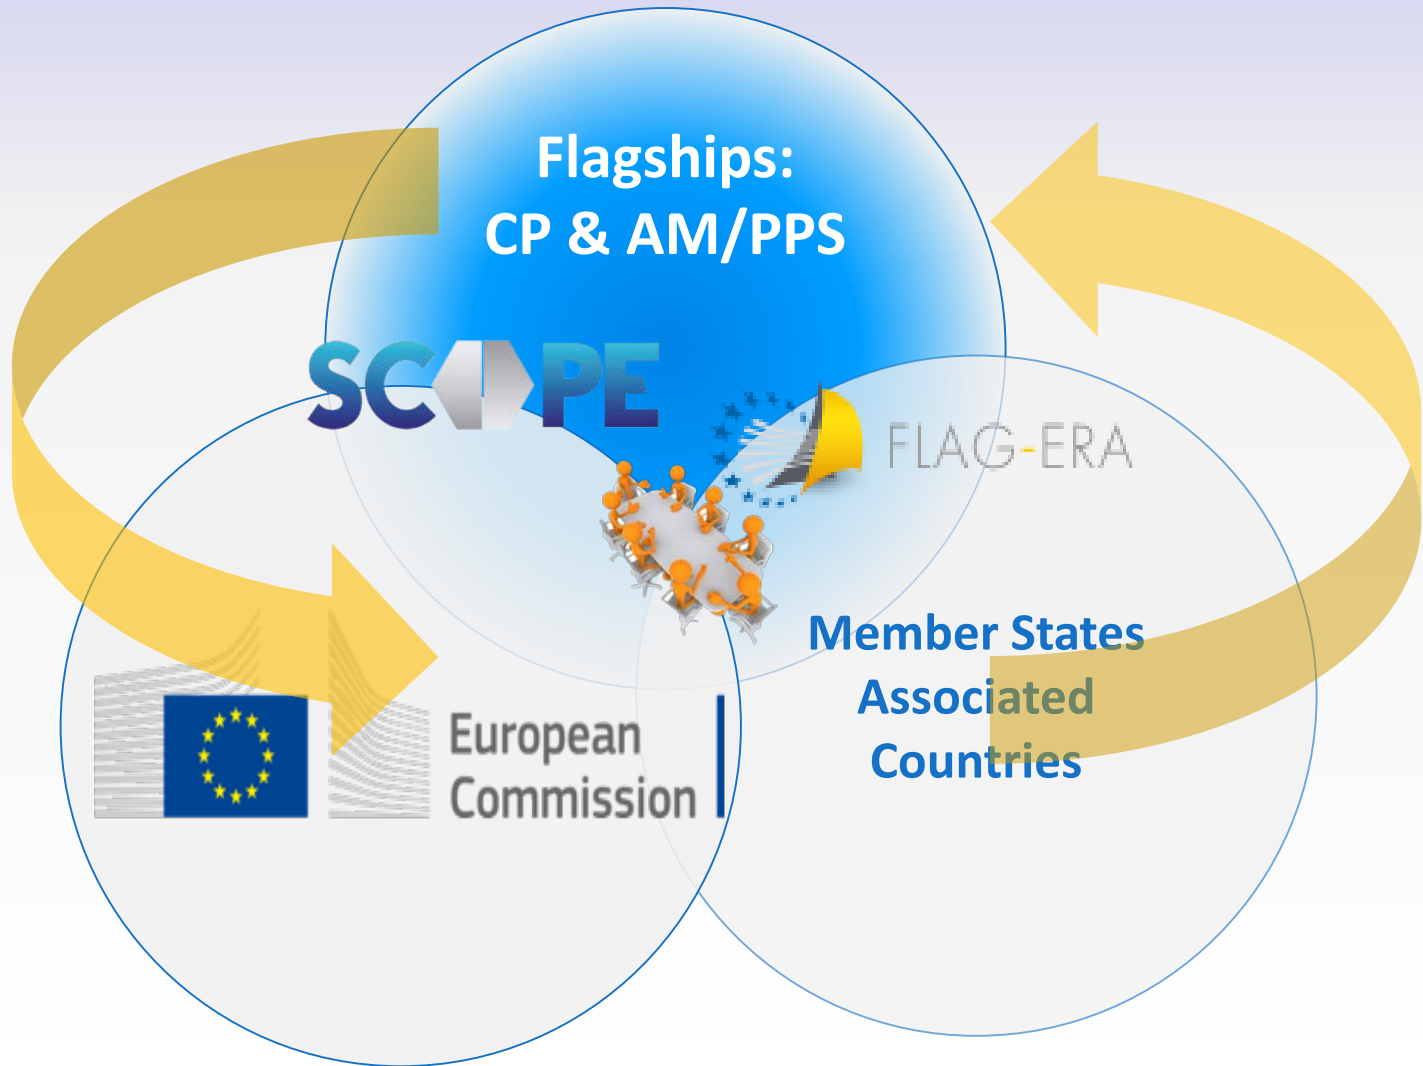

**New
Partnership**

Flagships Ecosystem

Implementation

Governance

CP and PPs: The Roles

CP: the driving force of the Flagship

- Ensures the Flagship's scientific leadership and cohesion
- Commits to realise the research roadmap of the Flagship
- Defines the collaboration framework with the PPs
- Ensures the efficient integration of efforts
- Monitors the progress of the Flagship roadmap

PPs: An integral part of the Flagship

- Contribute to the research roadmap of the Flagship
- Work in synergy with the CP partners
- Bring new knowledge, new competencies, new ideas and new resources to the Flagship
- PPs are represented in the management structure of the CP

CP and PPs

Expectations and Monitoring

- Develop open/flexible and creative collaborative schemes that bring reciprocal value to all the parties
- Establish harmonised communication policies
- Help create/strengthen links with national initiatives, networks, players
- Create innovation opportunities!

■ CP/PP level → Progress of joint activities

Examples: Joint meetings/workshops, joint publications and/or patents, staff exchange, creation of start-ups ...

■ **Flagship level:** Implementation of the research agenda; building a sense of community, incl. a harmonized dissemination strategy; participation in governance, etc.

Flagships

Interim Evaluation Recommendations

- ✔ Strategic Relevance of the Flagship Instrument in Setting and Implementing the European Strategy for Research and Innovation
- ✔ Increase Clarity of Purpose and Differentiation between the Flagships and other Research Instruments
- ✔ Establish a Standard Means of Assessing the Flagships based on Key Performance Indicators that Fully Reflect Purpose
- ✔ Improve Operational Management to Enhance the Budget Flexibility and Reduce Administrative Overhead
- ✔ Improve Strategic Management to Enhance Openness of the Flagships towards Adopting New Directions
- ✔ Improve Coherence with other Horizon 2020 Activities
- ✔ Improve the Process of Selecting Flagships
- ✔ Improve Engagement with National Initiatives

Members of the Evaluation Panel

Chair: Claire Gemen (Chair)
Deputy Chair: Michael Gilman
Members: Claire Gemen, Michael Gilman, Mark McDonnell, Neil T. O'Riordan, Christopher C. Jones
Senior Advisors: Julian Lindgreen, Geraint H. Luffman, Margaretta MacLennan, Geraint H. Luffman

The Report
July 2017

What do we take from the report

✓ **Short term : on going flagships**

- ✓ Improve set of KPIs in running flagships
- ✓ Providing flexibility & reducing overhead by adopting 2 years reporting cycle & moving to a 3 years SGA in WP2018-2020
- ✓ New directions adopted by the flagships as they progress
- ✓ Further stimulate awareness raising and communication across H2020 initiatives

✓ **Longer term : new flagships**

- ✓ Endorsement for jointly preparing new flagships with Member States & with the community
- ✓ Reflecting on best model for flagships in FP9
